**RE: Westfield Montessori School Addition**

Dear Mr. Peterson:

We have reviewed the submittal to the Hamilton County Surveyor's Office on April 29, 2010, for this project and have the following comments:

1. The proposed project falls in the incorporated area and MS4 jurisdiction of the City of Westfield.
2. The proposed project falls in the Cool Creek and Anna Kendall Regulated Drain Watersheds.
3. This proposed project DOES NOT fall within a Westfield Wellhead Protection Zone.
4. While this current proposed project will have a minimal impact on stormwater runoff quantity and quality, the multiple additions of this business over the years has resulted in nearly 1 acre of impervious area with no detention provided. Any future increases in impervious area to this parcel will require the entire parcel to provide detention and water quality practices for the entire parcel to be in compliance with the Hamilton County Stormwater Technical Standards Manual and the Westfield Stormwater requirements.
5. No permits will be needed from our office at this time.

Should you have any questions, I can be reached at 317-776-8495.

Sincerely,

A handwritten signature in black ink that reads "Greg Hoyes". The signature is written in a cursive, flowing style.
